

A fresh idea: A new community-owned fresh local food shop for Slaithwaite

'The Artichoke', Slaithwaite's greengrocer, is set to close on Saturday May 30th.

A greengrocery business has been in operation on this site for many years, and we believe this closure will be a major loss to our community.

A new business has been established to run an exciting new shop in the same premises, with the aim of providing fresh, locally grown produce and healthy foods to our community.

We will be providing good quality fresh fruit and veg, fresh fish, freshly baked hand made bread, wholefoods and a range of other goods, with an emphasis on locally grown and made foods.

If the idea of eating fresher food that uses less fossil fuel and lower packaging appeals, then you should be joining us.

This new business is exciting because it is a community owned cooperative, which means that like many other people who have already pledged their support, **you can be a part of it**. For as little as £10 you can become a member/shareholder in this new venture, play a vital part in its development and invest in the future of our community.

We already have strong support and lots of interest, and we want you to have the chance to be involved as well.

How to Get Involved

1. Come to the **public meeting at 7.30pm on Friday May 29th at Slaithwaite Community Centre** to learn more, get a copy of our business plan and our share offer.
2. Get in touch through our website and we'll keep you updated and email you a copy of our business plan and share offer.
